Reservation Roster

Admission Process at Madha Engineering College (MEC)

Madha Engineering College (MEC) offers admissions through a dual-mode system, ensuring a balanced intake of students via government and institutional admission:

1. Admission Channels

- **Anna University State-Level Single Window System (50% of seats):** Half of the seats are filled through this centralized counseling process managed by Anna University, adhering to Tamil Nadu Government reservation norms.

- **Management Quota (50% of seats):** The remaining seats are allocated based on merit through the college's management quota, which may follow separate guidelines set by the institution.

2. Reservation Policies

- Seats under the Single Window System are subject to the **Tamil Nadu State Government's reservation regulations**, covering categories such as Backward Classes (BC), Most Backward Classes (MBC), and Scheduled Castes/Scheduled Tribes (SC/ST).

- These policies are typically outlined in Anna University's admission guidelines and apply to both regular and lateral entry candidates.

3. Roster System

- The government uses a "roster" system, which is a rotating schedule, to determine which categories are given priority for a particular seat in each admission cycle.

4. Eligibility Criteria

- **Open Category:** Candidates must secure a **minimum of 50%** in all relevant subjects.

- **SC/ST Category:** Candidates are required to **pass all subjects**, with no minimum percentage specified.

5. For Updated Information

Applicants are encouraged to:

- Visit the **Madha Engineering College** website or the **Anna University** portal.

- Contact the **Admissions Office** at MEC for detailed guidance on admission procedures and reservation policies.
